IMPORTANCE OF KNOWLEDGE

To understand the importance of knowledge, it is pertinent to know that when Muhammad Bin Abdullah was elevated to become NABI MUHAMMAD SAL LAL LAHU ALAIHI WA SALLAM (Peace Be Upon Him) the first revelation was revealed to Him was " IQRA BISMIE RABIKA" means to proclaim "Read in the name of ALLAH"! Here read encompasses the entire process of learning and teaching of knowledge (ilm). It would be appropriate to quote here the most unique and enlighten example found in the history. MUHAMMAD SAL LAL LAHU ALAIHI WA SALLAM proposed to waive the punishment of some of the prisoners if they agreed to teach illiterate brethren...! SUBHAN ALLAH ! This clearly indicates the commitment of our beloved prophet MUHAMMED SAL LAL LAHU ALAIHI WA SALLAM towards knowledge. This has inspired hundreds of thousands of Islamic scholars all over the world to undertake the mission with the crystal clear vision of establishing institutions to impart knowledge to the muslim Ummah especially in the remote and backward areas. Riyaz Ul Uloom Humby would like to disclose here that it is one of them.

We emphasize that education is the best investment as it is the basis for religious, social and economic development as well as transformation. It empowers individuals to realize their own dreams and creative genius. It also foster a learning society that provides spin-off benefits to all those around. It is only thorough education, leading to shared knowledge, we will be able to resolve the challenges that confront the Muslim Ummah globally.

The institutions must help student to understand and develop their potential. Quality education requires good infrastructure, teachers ability and most of all a curriculum that enables a student to explore.

Background That Necessitated The Establishment Of Riyaz Ul Uloom

In the village Anwa, remote area of marathwada in the Maharashtra State.

Muslim in independent india have not been able to overcome the crisis in the areas of education, economy and their faith (Islam). Marathwada region is one of the most backward region of Maharashtra. It is surrounded by hills and mountains. Here majority of muslim belong to tadvi and bhil (bhil) community. It has been observed that due to the influence of locals, these tribes are following the Hindu culture's and traditions. It is hard to identify them as Complete Muslims. Moreover, some anti Islamic organizations are working hard on them to keep away from following Islam Looking at the condition and state of the then Muslims in these areas, Jamia Islamia Riyaz Ul Uloom was founded on May 1984, with its sole mission of inviting these tribes back to noble teaching of islam

REVIVAL OF JAMIA

Due to lack of funds and financial support, the Institute was forced to run from the Jamia Masjid of Anwa for nearly 8 long years. The situation became alarmingly critical and we were constrained to close the Madarsa. It was very painful. But Al-HAMDULLILLAH! By the grace of almighty ALLAH SUBHAN HUWATA ALA, the servant of the Holy Quran and builder of Masjid HAZRAT MAULANA GULAM MOHAMMED VASTANVI, the President of Jamia Ishaat Uloom, Akkalkuwa took a bold decision in 1992 to revive the Madarsa. As part of long term plan, a piece of land measuring 15 acres of land, 1.5 KM from Anwa village was acquired. As per the plan, the project was executed successfully. At present the Madarsa campus consists of beautiful and towering structures of Masjid Dar-UI-Quran, Da-UI-Qumb, Dining Hall well equipped kitchen, Residential quarters for teaching as well as non teaching staff garden and LTI Industrial Training Institute building

As the facilities in the campus improved correspondingly the strength of students also increased to 650, Thanks to Hazrat Maulana Vastanvi for his continuous and dedicated efforts, the Jamia has become not only a role model but also a centre of guidance hidayat)

ALHAMDULLILLAH ! With the grace of ALLAL SUBHAN HUWA TA'ALA, collective efforts of Hazrat Maulna Vastanvi donors and well wishers, now the Jamia is put on the road of prosperity and development.

We humbly request you all to pray to ALLAH SUBHAN HUWA TATALLA to bestow his special mercy on the Jamia and protect it from the miscreants! Amin !!

(The Department of Modern Education)

The large population of the Muslims has been deprived from the Islamic education. Moreover in the case of modern education standands are very low. Even if one completes his basic school education he fails to continue education further due to his families poor financial condition. In view of this fact, the Jamia has introduced some short term vocational courses for the Muslim students through the Central as well as State Government approved I.T.I.

The second batch of 21 students completed their 2-year course as an electrician and fitter. And since then, thank God these two courses are being completed.

APPEAL

from Khadimul Quran

Maulana Gulam Mohammed Vastanvi

As we all know very well that the Deeni Madaris are the strong forts to safeguard the Holy Quran and Ahadeeth. These institutions are the sources of propagating the Islamic faith Supporting financially to these Madaris is as good as publishing the Holy Quran and Hadeeth. Jamia Riyaz Ul Uloom, Anwa the branch of Jamia Ishatul Uloom, Akkalukuwa, visit this Jamia very often. Similarly, renowned scholars from Jamia Akkalukuwa visit the Jamia for inspection. declare here with full confidence that Jamia Anwa has been progressing in imparting quality education. The budget for the current financial year is more than Rs. **107.00** Lac. Majority of Muslims in this area are farmers. Due to low rain water, the area always faces acute shortage of water. That is why, the Muslims are financially very weak. In view of the above facts, humbly appeal to all the well wishers as well as the donors to extend their support to the Jamia
